

Colombo

Sri Lanka's capital of Colombo is a fascinating reflection of the contrasts that define the country. Colombo is a busy vibrant and ethnically mixed city place. It is a city with a great mixture of modern life and architecture, and old colonial buildings and ruins from the time when it was the capital of the British Ceylon (from 1815 until Sri Lanka got its independence in 1948). Colombo offers a varying selection of experience ranging from taking a tuktuk ride, a visit to Pettah market and eating variety of food to playing a round of golf and having high tea at one of the colonial style hotels overlooking the Indian Ocean. Boutiques are filled with international brands, local art and fabrics. Colombo is the best place to do the last minute shopping.
